

GENERAL DESCRIPTION

Soft 'N Sure Foamed Antiseptic Handrub is a healthcare personnel handwash with fast-acting, broad-spectrum antimicrobial action against pathogenic microorganisms including methicillin-resistant *Staphylococcus aureus* (MRSA) and vancomycin-resistant enterococci (VRE). Soft 'N Sure Foamed Antiseptic Handrub's formulation of 62% ethyl alcohol and emollients provides both hand antisepsis and moisturizing at time of use. Soft 'N Sure Foamed Antiseptic Handrub can be used when hands are physically clean, but in need of decontamination and as an adjunct to handwashing.

FEATURES

Contains 62% (v/v) ethyl alcohol

Foamed product

Contains emollients

Needs no water

BENEFITS

Fast-acting, broad-spectrum antimicrobial action, including MRSA and VRE

Ensures even distribution over skin surfaces

Protects the skin and prevents drying

Antimicrobial 62% (v/v) ethyl alcohol

DIRECTIONS FOR USE

Healthcare Personnel Handwash

Dispense a palm full (golf ball size) in one hand. Spread over both hands up to 1/2" above the wrists. Rub vigorously until dry.

STORAGE

Protect product from freezing. Store and use at 55°-85°F (12°-29°C); **do not** store above 120°F (48°C).

SERVICE

Sales

Service is one of the most important ways to verify consistent quality of the facility's performance and operation. A tailored service program by STERIS provides effective, trouble-free operations.

Technical

STERIS is pleased to provide a completely staffed and equipped technical service laboratory capable of performing needed tests and providing both telephone and on-site assistance when needed. More details on how this service can benefit a facility's particular situation can be provided upon request.
